Custom Sauna Booths for Cruise Ships

KME Co., Ltd. is a company specializing in the production of innovative products for offshore vessels, with a particular focus on installing sauna booths for cruise ships. We stand out with our expertise in custom designs and high-quality materials, ensuring a comfortable and safe sauna environment for our clients.

Features and Advantages

Our sauna booths are high-quality products designed to meet customers' specific needs, strictly adhering to maritime safety and environmental standards.

The booth is constructed with tempered glass and fitted with piano hinges for durability and strength, while all areas that come into contact with the body are finished with wood to enhance safety.

Product Specifications

Wood

Spruce wood is lightweight yet highly durable, and has been specially treated to withstand offshore environments.

Tempered Glass

Designed with tempered glass to allow visibility inside the sauna while offering high durability and resistance to breakage.

Piano Hinges

Piano hinges enhance the door's durability and ensure smooth opening and closing.

- **Inside / Out Side:** Wood(Spruce)
